Skills & Strengths

Listening & Observing

Learning by Doing

Understanding Business Operations

Curiosity and adaptability in new environments

Interests

Business & Startups

Understanding how companies operate

Gaining hands-on practical experience

Why I Want to Learn

I want to learn how businesses operate beyond theory: how daily decisions are made, how challenges are handled, and how teams execute under real-world constraints. I seek exposure, guidance, and the opportunity to assist wherever needed, while observing how experienced professionals think and operate.

Extra Information

Open to learning in multiple domains and contributing actively while gaining practical experience.
